### About Digital Scrapbook Place:

Digital Scrapbook Place is the creation of two women who befriended one another through a mutual interest in the art of digital scrapbook design. Their goal was to create a company that would allow them to share their passion for digital scrapbooking with others. The company sells graphics, software, and other digital scrapbooking-related products to consumers through scrapbook, craft, photo, and electronic retailers, and its website [www.digitalscrapbookplace.com](http://www.digitalscrapbookplace.com). The company also helps retailers hold and promote digital scrapbooking events at their stores. The company's website is an online gathering place and community for digital scrapbookers to receive inspiration, education, and support.
